

# Keeping students safe and healthy

## How to avoid school suspension

There is a law in Ontario that says parents of children that go to school must submit proof of the vaccines they have received to their public health department. Students with incomplete vaccination records are at risk of being suspended.

### To get the missing vaccines:

- Take the letter we just mailed you to your family doctor and get the missing vaccines (except meningococcal ACYW-135).
- If you are missing meningococcal ACYW-135, book an appointment at a community clinic at **halton.ca/immunize** or talk with your family doctor about ordering the vaccine from the Halton Region Health Department.

**Important:** Report the vaccines your child receives to the Health Department.

Note: There is a new law in Ontario for parents who decide not to give vaccines to their child because of personal choice. The law requires that these parents contact their local health department to submit a special form and attend a workshop on vaccines. If your child is missing vaccines because of medical reasons, you must submit a special form to their local health department. For more details, please visit **halton.ca/immunize**.

The Halton Region Health Department carries out the provincial *Immunization of School Pupils Act (ISPA)* to keep students healthy.

### Immunized already?

Tell the Health Department by **August 31, 2018**.

-  Visit **halton.ca/immunize**
-  Download the OneHalton app
-  Call 311
-  Visit the Halton Regional Centre, 1151 Bronte Road in Oakville

Need a family doctor?

Visit **halton.ca/newdoctor** or call 311.
